Castrol EDGE 10W-60

Description

Castrol EDGE with Fluid Strength Technology™ is Castrol’s strongest and most advanced range of engine oils. Its unique adaptive strength reduces metal to metal contact across a range of different driving speeds.

Castrol EDGE - lowers friction and maximises engine performance.

Castrol EDGE 10W-60 gives you the confidence to demand maximum engine performance in older sports cars, competition and the latest technology engines which often operate under higher pressures requiring an oil with unsurpassed strength and performance credentials.

Castrol EDGE 10W-60 is proven in tests to deliver outstanding oil strength.

A new technology that has the adaptive strength to respond to your engine’s every need.

Castrol EDGE. Strength to Perform - Freedom to Drive.

Application

Castrol EDGE 10W-60 is suitable for use in automotive gasoline and diesel engines where the manufacturer recommends an ACEA A3/B4, A3/B3, API SM/CF or earlier specification 10W-60 lubricant.

Castrol EDGE 10W-60 has exclusive approval for BMW M-Models.
Advantages

Castrol EDGE 10W-60:

• Delivers and sustains maximum horsepower for longer, even when under pressure
• Protects short and long term engine performance
• Ensures maximum protection under all driving conditions, speeds and temperatures
• Reduces engine deposits to help maximise engine response
• Recommended by BMW for M models

BMW Exclusive approval for BMW M-Models

Storage

All packages should be stored under cover. Where outside storage is unavoidable drums should be laid horizontally to avoid the possible ingress of water and damage to drum markings. Products should not be stored above 60°C, exposed to hot sun or freezing conditions.
